

SAGA COUNTRYWIDE HOSPITAL LIST

MAY 2023

SAGA

Experience is everything

CONTENTS

About this hospital list

3

If you have selected Fixed Fast Track, you must ask your GP for an open referral so our dedicated team can source a selection of appropriate specialists for you to choose from and help you book a convenient appointment at a local hospital.

Saga Countrywide Hospitals

5

Our Saga Countrywide Hospitals section includes all leading hospital groups such as Spire and Nuffield as well as all NHS hospitals with Private Patient Units. You can use any of the private hospitals listed in this section.

Saga Countrywide London Upgrade Hospitals

29

If you have selected the Saga Countrywide London Upgrade, then as well as the extensive range of hospitals in the Saga Countrywide Hospitals section, you can also choose to be treated at any of the 12 additional London hospitals shown.

Psychiatric hospitals

30

If you are covered for mental health treatment under your Saga Health Insurance policy, you may receive treatment at any of the psychiatric hospitals listed.

Rehabilitation units

31

If you are covered for rehabilitation services under your Saga Health Insurance policy, you may receive treatment at any of the rehabilitation units listed.

ABOUT THIS HOSPITAL LIST

Saga Countrywide Hospital List

This extensive list of hospitals, day-patient units, scanning centres and other private healthcare facilities is for customers who have chosen the Saga Countrywide Hospital List or the Saga London Upgrade.

If you have selected Fixed Fast Track, please ensure you ask your GP for an open referral so our dedicated team can arrange your specialist appointments.

There may be rare occasions when we suspend the use of a hospital or another facility listed in the Saga Countrywide Hospital List to protect the interest of our customers. The Saga Countrywide Hospital List is accurate at the time of printing but may be subject to change at any point.

You need to call us before receiving any treatment. This will allow us to check our database and confirm whether the hospital you have been referred to is eligible for benefit.

The benefits of our chosen hospitals

Being treated in advanced medical facilities in a supportive, professional environment can play an important role in helping you to recover. The hospitals included in the Saga Countrywide Hospital List will endeavour to make your stay as pleasant and comfortable as possible. You can usually have your own private room with en suite bathroom, television and telephone. You will usually be given a choice of dishes for each course at mealtimes.

Private hospitals and NHS hospitals with Private Patient Units

This hospital list sets out all the private hospitals you can use and also includes NHS hospitals with Private Patient Units (PPUs). A PPU is a ward or unit in an NHS hospital set aside for private patients.

Other NHS hospitals

While only NHS hospitals with PPUs are listed in this guide, you can also use an NHS bed nominated as a private bed at any NHS hospital, but in such cases the level of accommodation may be the same as standard NHS accommodation. In fact, we will cover eligible treatment at any NHS hospital, as long as it takes private patients.

Day-patient treatment

Advances in medical care mean that many operations are now undertaken on a day-patient basis. Please note that you may be cared for in an open day ward (rather than a single room) while you recover from an anaesthetic, to enable nursing staff to monitor your progress more effectively.

Most hospitals now offer day-patient treatment and we have included a number of purpose-built day-patient units in the Saga Countrywide Hospital List.

Scanning centres

A scanning centre is a centre in which out-patient CT (computerised tomography), MRI (magnetic resonance imaging) and PET (positron emission tomography) is performed. The centres we recognise are included in this hospital list.

Psychiatric hospitals

If you are covered for mental health treatment under your Saga Health Insurance policy, you may receive treatment at any of the psychiatric hospitals listed in this guide.

If you need to claim

If you need to claim, the detailed lists on the following pages will help you to confirm whether the hospital you or your specialist prefer is on the list you have chosen. You may receive treatment at any hospital on your chosen list. On rare occasions, where a condition requires treatment or facilities that are not available in any hospital on your list, your specialist may wish to refer you to another private hospital. We will do our best to accommodate this, but – as for all claims – you must get approval from us before any treatment begins. This allows us to keep control of costs and provide you with guidance on your claim.

We pay bills direct

Wherever possible we settle bills directly with the hospital so that you do not have to worry about paying out large amounts of money. Some hospitals may ask you to pay for out-patient treatment at the time of your consultation. We have a simple claims process that means you can reclaim these smaller amounts from us directly.

If you have any questions

If you would like more information or have any questions, please call us. If you are a Saga Health Insurance policyholder and have a query about hospitals in relation to a claim, please call the Claims Personal Advisory Team on 0800 027 1331 between 8am and 8pm weekdays, or 9am and 5pm Saturday. For any other queries, please call Saga Customer Care on 0800 056 9273 between 8.30am and 7pm weekdays or 9am and 1pm Saturday.

Please note: we may record and/or monitor calls for quality assurance, training and as a record of our conversation.

Key:

 = In-patient and day-patient hospital treatment

 = Day-patient treatment only

 = MRI scans

 = CT scans

 = PET scans

 = NHS hospital without dedicated private patient facilities. (We will recognise an NHS bed nominated as a private bed but in such cases the level of accommodation may be the same as standard NHS accommodation.)
